Program Coordinators/Deans: \$67,500

Teacher Salary: The Executive Director will determine teacher salary placement based on a review of teacher education and experience. Teacher increases for subsequent years are based on three variables, all of which are dependent on the school board's approval of the next year's salary scale. These variables include: Adjustment for cost of living, step based on experience, and education. On the second year of the scale, it is recommended that teachers move to the next step.

Competitive Teacher Premium: In the case of difficult to fill positions, the Executive Director will have discretion to negotiate teacher's placement on the salary scale or negotiate an agreed upon salary independent of the scale.

The Executive Director's scale shall be reviewed and approved by the board on a yearly basis. The Executive Director's scale may be adjusted yearly based on board approval. Adjustments may be considered for Cost of Living Adjustment, Years of Experience, Enrollment, or other performance measures as determined by the board.
