Have a great
Summer!
We Miss you!

Mrs. Baker
Mrs. Elasky

(See pages 5-6)

Is it coming your way?

- Brings rain
- Storm can last all day

nimbus cloud _____

(See next page)

But this cloud can change!

- Gloomy skies—but no storm

cloud _____

(See pages 5-6)

Is it coming your way?

- Brings rain and lightning
- Storm lasts under an hour

nimbus cloud _____

(See next page)

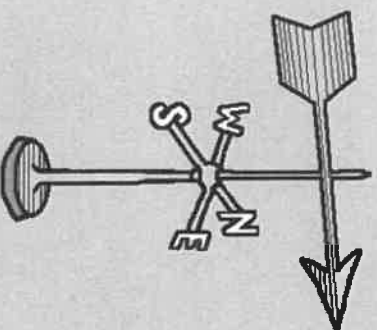

But this cloud can change!

- Nice weather—no storm

cloud _____

Is that storm cloud heading your way?

Check the wind to find out!

• Write down the city you live in: _____

• From what direction does the wind *usually* blow there? _____

• So, to see the weather coming my way, I can look toward: _____

Collect them all!

Watch the sky and make a note if you see these clouds.
Can you spot them all?

Cloud Type	Date I saw it
<input type="checkbox"/> Cumulus	
<input type="checkbox"/> Cumulonimbus	
<input type="checkbox"/> Stratus	
<input type="checkbox"/> Stratocumulus	

The STORM Spotter's Guide

Name: _____

Date: _____

WILL IT STORM?

Look at the screen to see the pictures in color.

Photo #1: Rowboat

What clouds are in the sky?

cumulus cumulonimbus stratus stratonimbus

Are those stormclouds? Yes No

If they are, how long will the storm last?

less than an hour hours and hours no storm

Are the clouds coming your way? Yes No

Would you row across the lake? Why or why not?

Photo #2: Picnic

What clouds are in the sky?

cumulus cumulonimbus stratus stratonimbus

Are those stormclouds? Yes No

If they are, how long will the storm last?

less than an hour hours and hours no storm

Are the clouds coming your way? Yes No
